Authorization for this examiner's amendment was given in a telephone interview with the attorney Richard Tushin on Tues, January 22, 2008.

The application has been amended as follows: RCE filed on 1-2-08

- Claim 1, line 8, "an electrical circuit," has been changed to -- an electrical circuit associated with the indicator means, --.
- Claim 1, line 9, "a plug" has been changed to -- the plug --.

REASON FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance: In combination with all the limitations recited in the independent claim, all the prior arts do not show a structured cabling system comprising an indicator means associated with each jack on a patch panel; and at least two contacts provided in each jack which, in use, are bridged by a contact provided on a plug when the plug is connected to the jack so as to complete an electrical circuit associated with the indicator means, thereby providing an electrical indication of the presence or absence of the plug connected to the jack.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
